EXPERIENCES

Freelance   **January 2026 - Present**

- UI/UX & Web Development: Currently designing and developing responsive websites for clients, focusing on translating user requirements into intuitive digital experiences.
- Visual Design Services: Crafting professional marketing materials, including business cards and posters, to enhance brand identity.

RapidTech Company Limited - UX/UI Designer   **July 2025 - November 2025**

- Designed user-centric UI/UX for new features by translating client requirements into intuitive, problem-solving interfaces.
- Collaborated cross-functionally with PMs and Developers from initial brainstorming to ensuring accurate design implementation.

Jasmine Technology Solution Public Company Limited - UX/UI Designer (Internship)   **November 2024 - March 2025**

- Designed the UniQ application, leading the full UX process from research and wireframing to UI design and user testing.
- Contributed to the Peep Share application's UI/UX design by creating components, conducting field research, performing user interviews, and conducting user testing.

Wealth Management System Limited Company Limited - Application Developer (Internship)   **April 2024 - June 2024**

- Developed and designed front-end solutions for financial applications (Bond Trading, Fund Management) using Angular Framework.
- Tested the fund trading website using Robot Framework and Selenium to validate system functionalities.

ACADEMIC PROJECTS

- **RythmWave Website**
  Designed both mobile and web interfaces for RythmWave, a music streaming platform, using Figma.

- **Healthy Bite Application**
  Designed a user-friendly UI for Healthy Bite, a mobile health app, using Figma.

- **3D Image Exhibition & Animation**
  Created 3D models and animations on scientific topics using Blender.

- **Schedule for Student Website**
  Developed a project tracking website for students using HTML, PHP, CSS, Bootstrap, and MySQL; designed UI in Figma.

- **Academic Advisor System Website**
  Developed an academic advisor management website using HTML, PHP, CSS, and MySQL; designed UI in Figma.

- **Chinny's Restuarant Website**
  Designed and developed a website for a coffee product store, incorporating database creation using ReactJS, NodeJS, and MySQL.

ACTIVITIES

- Received a **Good Prize for "Peep Share" and "UniQ" applications** in The Best Science Project Award 2025, Faculty of Science, PSU.
- Participated in "**PSU Make Friends with Culture**" international cultural exchange program, December 2021.
- Participated in the **20th ITM Network Games**, an academic and sports competition at Walailak University, February 3–5, 2023.

TRAINING COURSES

- **Design Thinking Doing Start-up Course** by Mahidol University.
- **Designing Meaningful Application Course** by Chula Neuron.
- **Problem Solving by Design Thinking And Design Thinking Insights Course** by SCB Academy.
